

# IMPEACHMENT

## You can help make it a reality

Now is the time that our actions can prove decisive. Rep. Dennis Kucinich has introduced 35 articles of impeachment for George W. Bush.

The impeachment of Bush is the most important task of the moment for the safety and security of the people of the United States, the Middle East and throughout the world. None of us can risk being plunged further into war.

More than 1 million people have joined together in support of the impeachment movement launched by Ramsey Clark at [ImpeachBush.org](http://ImpeachBush.org). From collecting signatures in towns and cities across the land to letter writing campaigns to direct congressional visits volunteers have forced impeachment "on the table." The bill is currently with the Judiciary Committee of the House.

Now we must act and take the next steps. We are doubling our efforts and we need everyone to pitch in.

## Five things you can do:

- 1) **Make copies of this flyer** and let your friends know that we can make impeachment happen.
- 2) Go to [ImpeachBush.org](http://ImpeachBush.org) to **send a message to your Congressional representative through our easy-to-use online mechanism**. Demand they support HRes 1258 for impeachment. Call and visit them at both their local and Washington offices (202-225-3121).
- 3) **Call John Conyers and other members of the House Judiciary Committee** at 202-225-3951 and tell them to hold hearings on impeachment.
- 4) **Register your vote for impeachment** at [ImpeachBush.org](http://ImpeachBush.org).
- 5) **Make a donation at [ImpeachBush.org](http://ImpeachBush.org)**. We are organizing door-to-door outreach, phone banking, and looking for advertising options to increase the momentum of impeachment.
